

## **PANEL LEADER**

### **Munich, Hamburg**

Are you passionate about sensory analysis and panel management?

Do you want to develop your career in an international company with a multicultural environment working with the biggest local and global organizations in FMCG? If so, SAM has the right opportunity for you!

We are the leading international sensory and consumer research company specializing in food, beverages, cosmetics, personal care, and other consumer products. We have 19 proprietary state-of-the-art facilities across France, Germany, Italy, Switzerland, Spain, United Kingdom, Morocco, China and the USA, and cover more than 65 countries through our network of approved partners.

SAM provides tailor-made solutions, delivering actionable guidelines to make our clients' brands and products memorable.

#### **SAM is a great place to work.**

Join SAM to work with the most competent, creative, and fun team in the industry and let your work, opinions and ideas contribute to the future of sensory and consumer research.

Become your most extraordinary self with support and development throughout your career.

#### **Best in class**

Join our very diverse team of sensory scientists, food technologists, statisticians, psychologists, sociologists, strategic thinkers, marketers, field managers, technicians and other sensory and research experienced colleagues.

#### **We're proud to be part of the Eurofins Group**

World-leader in Testing for Life. With about 61 000 employees, Eurofins is a global leader in testing services and over the last 20 years has been one of the fastest growing companies in the world, thanks to its innovation in technology and service.

We are looking for a Panel Leader to reinforce our Sensory Research team in Munich and Hamburg on a full-time permanent contract.
